DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Specification

The abstract of the disclosure is objected to because the abstract may not contain legal phraseology such as "means" on line 11. Correction is required. See MPEP § 608.01(b).

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are written in passive verse and should be reviewed and/or rewritten to positively recite the invention. Some examples include the following: In claim 1, line 5, what is meant by an "uncontrollable blockage"? What defined this? This is indefinite. On line 7, what is meant by "is blockable in its motion"? This is indefinite. In claim 2, line 4, "back on again" is claimed. What is this referring to? What is "back on"? What in "on" in the first place? In claim 9, line 4, "an on/off switch means" is claimed. Is this the same switch already claimed in claim 1? This appears to be redundant. Claim 9 is indefinite since "the other end" on line 5, and "the blocking unit" on line 6 lack proper

antecedent basis. In claim 10, line 3, "the axis of rotation" of what? This indefinite. Claim 12 is indefinite since "the other end" on lines 4 and 5, "the extension" on line 5, and "the detent lever" on line 6 lacks proper antecedent basis. On line 5, what does "it" refer to? This is indefinite. Claim 13 is indefinite since "the upper position" on line 5 lacks proper antecedent basis. Claim 14 is indefinite since "the lower position" on lines 4 and 5, and "the blocking serration" on lines 5 and 6 lacks proper antecedent basis. In claim 16, line 3, the recitation of "and/or" renders the claim indefinite. On line 5, "blockage" of what? This is incomplete, and indefinite.

Allowable Subject Matter

Claims 1-16 appear to be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See the attached PTO-892 for related art.
